

Name: _____

Date: _____

Multiplication Input And Output Of Numbers

Fill in the empty blanks. Write a rule to represent the relationship between input and output.

 1.

Input	Output
33	396
34	408
25	
40	

 2.

Input	Output
47	470
13	130
25	
36	

 3.

Input	Output
34	408
27	324
20	
37	

Fill in the empty blanks. Write a rule to represent the relationship between input and output.

 4.

Input	Output
28	392
30	420
46	
39	

 5.

Input	Output
37	555
21	315
38	
31	

 6.

Input	Output
27	324
24	288
32	
39	

Fill in the empty blanks. Write a rule to represent the relationship between input and output.

 7.

Input	Output
38	380
19	190
11	
25	

 8.

Input	Output
22	220
30	300
42	
46	

 9.

Input	Output
19	228
46	552
10	
37

Multiplication Input And Output Of Numbers

Fill in the empty blanks. Write a rule to represent the relationship between input and output.

 1.

Input	Output
33	396
34	408
25	300
40	480

Multiply by 12

 2.

Input	Output
47	470
13	130
25	250
36	360

Multiply by 10

 3.

Input	Output
34	408
27	324
20	240
37	444

Multiply by 12

Fill in the empty blanks. Write a rule to represent the relationship between input and output.

 4.

Input	Output
28	392
30	420
46	644
39	546

Multiply by 14

 5.

Input	Output
37	555
21	315
38	570
31	465

Multiply by 15

 6.

Input	Output
27	324
24	288
32	384
39	468

Multiply by 12

Fill in the empty blanks. Write a rule to represent the relationship between input and output.

 7.

Input	Output
38	380
19	190
11	110
25	250

Multiply by 10

 8.

Input	Output
22	220
30	300
42	420
46	460

Multiply by 10

 9.

Input	Output
19	228
46	552
10	120
37	444

Multiply by 12
